MY GOALS IS \$ _____

I am participating to help find a cure for ataxia-telangiectasia (A-T) ~ a rare genetic disease that attacks children like Alex, and in memory of Randy Van Hierden who lost his battle with A-T. A-T is like having cystic fibrosis, cerebral palsy, immune deficiencies, muscular dystrophy, and cancer all rolled into one genetic disease. Please help me in the race for a cure by sponsoring me. Make cheques payable to A-T Children's Project.
