

FUNDRAISING FOR A CURE

BE THE DIFFERENCE

**You're invited to join us as we fundraise
for a cure for A-T.**

All contributions will go towards the A-T Children's Project. This organization strives to find a cure for children with ataxia-telangiectasia, a rare, autosomal, recessive genetic disease that causes incoordination of motor functions, immune system problems, and a high rate of cancer.

**Please consider donating at:
atcp.org/donate**

KIDS. HOPE. CURE.
